Vision Statement

Our developed system **eMarketPlace** is a website based software. We have developed this software considering some factors. The users of the software can be any person or organization willing to buy and sell products.

1. Project Goals

- To ease the troubles of people to buy and sell things online without any shop, without being present all the time.
- To save the time of customers by not going to the market to buy a product.
- To inform the customers about new products of different categories.
- To help the vendors advertise their products and expand their business.

2. Project Scope

- Customers can search and order product by name or category based on their choices. They can check the current order status too. They can provide reviews and ratings of the ordered product when the product has been delivered to them. They can also request for refund after they get their ordered product.
- Vendors can add new products and edit existing products information. They can add sale offer on products as they wish. They can also track the orders from their shops. They can also see the reviews and ratings of the products of their shops.
- Admin has the complete control to approve the requests of the vendors to join the system. They can add new product categories as well as subcategories and attributes accordingly. They can also see the comments and complaints from the users about the current system. They have the ability to monitor all the orders.
- The scope of digital/online payment of orders is not included in the system

3. Milestones and Deliverables:

- Database design and implementation.
- Designing sign in module, registration process of the website. Connection with database.
- Vendor's Dashboard and product update module.
- Search products interface

- Ordering of items.
- User's home page completion.
- Review & rating feature , user's module and vendor's module integration.
- Central admin's dashboard & update module
- Three modules' (user, vendor , admin) integration and testing.

eMarketPlace is very easy to use by people of all ages who can use a computer and have access to the internet. The system has proper authentication system both for the customers and the vendors. Ordering products through **eMarketPlace** is very easy and as a consumer can not give reviews and ratings on a product until they get the product in his hand, the probability of providing fake reviews are reasonably low.

Software Requirement Specification

Revision History

Version	Date	Name	Description
1	09/12/19	Rudaiba Adnin Abhik Bhattacharjee	Initial Document

1 Introduction

1.1 Overview

The **eMarketPlace** software will be a website based software available to computer users having internet access. This is basically an e-commerce website. This software will provide customers with facilities to search and order desirable products and provide reviews on consumed products. It will allow vendors to add new product and advertise their products.

This document provides information on the requirements for the **eMarketPlace** software. Project goals, scope and definitions are given in the introduction. Design constraints and application environment are described in the following section. Non-functional requirements are outlined for later verification. Functional requirements are given to show the system features and expected user interaction.

1.2 Goals and Objectives

The main objective of this project is to ease the lives of customers and vendors so that customers don't need to waste their time and energy by going to the market to buy necessary products whereas vendors can easily advertise their products and reach more customers online. It aims at building a platform for buyers and sellers from all over the country.

1.3 Scopes

eMarketPlace website will:

1. Provide separate interfaces for customer(user) and vendor.
2. Allow customers to search and order products of different categories and prices easily, review and rate products when they are delivered
3. Allow vendors to provide advertise for their products, control their products' price and see the reviews of their products.

1.4 Definitions

eMarketPlace Website – the product that is being described here; the software system specified in this document.

Project – activities that will lead to the production of the eMarketPlace website.

Client – the person or organization for which this eMarketPlace website is being built.

User – the person or persons who will actually interact with the eMarketPlace .

Use case – describes a goal-oriented interaction between the system and an actor. A use case may define several variants called scenarios that result in different paths through the use case and usually different outcomes.

Scenario – one path through a user case

Actor – user or other software system that receives value from a user case.

Developer – the person or organization developing the system, also sometimes called the supplier.

Stakeholder – anyone with an interest in the project and its outcomes. This includes clients, customers, users, developers, testers, managers and executives.

2 General Design Constraints

2.1 eMarketPlace Website Environment

The eMarketPlace system will include a website designed to work on a computer browser. This system will interface with a server of our design.

2.2 User Characteristics

eMarketPlace Users: People of all ages who can operate a computer and have access to the internet. Customers(Users) can be any person with a valid email ID. But Vendors' accounts must be approved by the central admin.

2.3 Mandated Constraints

The system will run on web based platform. This platform was chosen based on experience with PHP and team consensus.

3 Nonfunctional Requirements

3.1 Operational Requirements

Usability: 95% of users will not need to read the user manual to be able to use the application.

3.2 Performance Requirements

Maintainability: Changes made to the interface or adding extra feature can be adopted without altering the website design.

3.3 Security Requirements

The **eMarketPlace** website has some main features. One of the main features is ordering of items by the consumers(users). It is ensured that order can not be placed until a user's login is authenticated. Moreover, all the passwords of users and vendors and central admin are kept in an encrypted form in the database.

3.4 Documentation and Training

The **eMarketPlace** system will be delivered to the users as a website with no documentation guidelines. A user guide and system documentation will be provided to project stakeholders.

3.5 *External Interface*

3.5.1 *User Interface*

The user interface will be eye-catching and visually appealing. When users visit the website, the interface will provide a smooth transition in the home page which has a straightforward, understated look and feel. From there he/she can navigate to other pages and he/she can find the way of navigation just by moving the mouse of the computer.

The interface will be intuitive. As a website it will be streamlined and simple to use. No training will be provided and it is expected that 95% of users will be able to use the app without any training.

4 *Functional Requirements*

4.1 *Required Features*

User Module:

- Search products
- Order products.
- Update profile.

Vendor Module:

- Add products
- Update products.

Admin Module:

- Update category & subcategory of products.
- Add new vendors & users.
- Approve or reject order of products.

4.2 Optional Features

User Module:

- Give rating and review of products.
- Give feedback.

Vendor Module:

- View order of products.
- View top selling products.
- View top rated products.

Admin Module:

- Add product attributes.
- View feedback.
- Add coupon.
- Add slider.

Software Project Management Plan

Change History

Revision	Change Date	Description of changes
V1.0	09/15/19	Initial release

1 Overview

1.1 Project Deliverables

Date	Deliverable
04/26/19	Requirements Specification
05/03/19	Project Plan
05/10/19	Iteration #1 Plan
05/17/19	Database and Interface design
05/31/19	Technical Prototype
06/14/19	Testing on Prototype and Demonstration to Moderators
07/05/19	Architecture Document
07/19/19	Iteration #1 Complete
07/26/19	Test Report
08/02/19	Iteration #2 Planning, Design Modification
08/23/19	Iteration #2 Complete
08/30/19	User Guide and System Administration Manual
09/13/19	Product Released

1.2 Assumptions and Constraints

1.2.1 Assumptions

Assumptions:

1. All the team members have access to the internet while developing the system.
2. All the team members have the same version of operating system and other tools.
3. They have enough disk space to store the source codes and test case data in local machines.
4. Running the system on local server and demonstrating it by the same machine will be acceptable by the moderators.

1.2.2 Constraints

Constraints:

1. The website can only be visited through a computer browser currently.
2. Buyers can not pay using digital/online payment method.

1.3 Success Criteria

A working prototype, which is easy to use, that allows users to search and order products as well as vendors to add and update products.

1.4 Definitions

Term	Definition
Actor	user or other software system that receives value from a user case. 3 kinds of actors in this system: User, Vendor and Central Admin
Baselined	the work product has undergone a formal review and can only be changed through the prescribed change control procedures
Customer	the person or organization for which this eMarketPlace website is being built.
Developer	the person or organization developing the system, also sometimes called the supplier.
Project	activities that will lead to the production of the eMarketPlace website
eMarketPlace Website	the product that is being described here; the software system specified in this document.
Scenario	one path through a user case

Stakeholder	anyone with an interest in the project and its outcomes. This includes clients, customers, users, developers, testers, managers and executives.
User	the person or persons who will actually interact with the eMarketPlace website.
Use case	describes a goal-oriented interaction between the system and an actor. A use case may define several variants called scenarios that result in different paths through the use case and usually different outcomes.

2 Startup Plan

2.1 Team Organization

Role	Actor(s)	Responsibility
Project Supervisor	Sakshar	Review system developments weekly, giving suggestions about modification in design and development
Project Manager	Abhik	Call team meetings, coordinate communications within group, coordinate communications outside group, break out tasks, assign them to teammates
Developer	Abhik, Rudaiba, Bishal	Develop software based on requirement and architect specifications
Programmer	Abhik, Rudaiba, Bishal	Program to requirement and architect specifications
Tester	Abhik, Rudaiba, Bishal	Write test cases, perform unit testing of test cases against incremental release of code, perform integrated testing of test cases against incremental release of code, report issues
Architect	Abhik, Rudaiba	Specify overall internal workings of application
Requirement Engineer	Abhik, Rudaiba	Outline and document project dependencies and requirements. This includes internal and external dependencies.

2.2 Project Communications

Event	Information	Audience	Format	Frequency
Team Meeting	Task status: completed since last meeting & planned for next; obstacles encountered; change requests in process	All team members	Informal meetings following class; Formal meetings as needed; E-mail status updates & problems as they occur	As needed
Project Status Report	Review finished items, status of prototype; review any problems, schedule slippage, programming issues	All team members, Supervisor	In-person demonstration to the supervisor	Once in a week

2.3 Technical Process

The development process is planned to be carried on an iterative and incremental way. Feedback and suggestions from the supervisor will be used from each iteration to improve the next. The first iteration will focus on basic functionality of the software. Subsequent iterations will build upon that and incorporate more features as time allows.

Tools

- Programming & Markup Languages – PHP, CSS, Javascript, SQL
- Operating System – Windows 10
- Version Control – All work products will be stored in a private git repository
- Platform – Laravel
- Development Tools – Visual Studio Code, XAMPP

3 Iteration Plans

3.1 First Iteration

In the first iteration, proper authentication for all types of accounts (Admin, User and Vendor accounts) are ensured and tested. Searching of products by users and addition & updating of products by vendors are implemented and tested. Product categories, subcategories and attributes can be added by admin without any problem.

3.2 Second Iteration

Users can order products and it is ensured that ordering is not completed until the user is logged in. Users can see the order history and review products. Vendors can see the reviews of their products and see orders from their shops. Shipping status of product can be checked and changed by the admin. Customers' comments and reports can be seen by admin.

3.3 Final Product

Users' home page is designed and developed showing the advertisements of products. Users can add coupon code to the cart. All three user interfaces are integrated after proper testing.

4 Control Plan

4.1 Monitoring and Control

The following list of dates includes formal reviews outside of the Communication Plan. Milestones are included to reference where the project is scheduled to stand as these reviews occur:

Date	Review / Milestone
05/31/2019	Milestone: Technical Prototype Complete
06/14/2019	Prototype reviewed by the supervisor
07/19/2019	Milestone: Iteration #1 Complete
07/26/2019	Milestone: Test Report Complete
08/02/2019	Inspected and Reviewed by the supervisor
08/23/2019	Milestone: Iteration #2 Complete
08/30/2019	Milestone: Product Released
09/18/2019	Final Presentations

4.2 Configuration Management Plan

The following procedure is to be used when making changes to all baselined work products:

1. All project work products will be stored in a centralized private git repository.
2. All project work products (documents, source code, test cases, program data, test data, etc) will be stored in the private git repository but not all will be under change control (subject to formal change control procedures.) Only the system requirements, project plan and source code will be baselined and under configuration control.
3. Items that are subject to change control will be considered baselined after a group review at the end of the initial document creation.
4. The change control procedure once a product is baselined is:
 - (1) Anyone wanting to make a change to a baselined item notifies the manager and informs him about the details of the change
 - (2) Each member of the group has to pull from the remote main branch of the repository to a local branch before starting modification of the current version.
 - (3) A change to the project will have a suitable commit message to track initialization and subsequent changes. Every update will be pushed to a separate branch before merging to others' works.
 - (4) If anyone of the team does object to the change, the reason for objecting will be discussed at a meeting where everyone is invited to attend and voice their opinion. At the end of the meeting a democratic vote will be held to decide whether or not the change should be allowed.
 - (5) If a change takes place, the initiator must collaborate with the project manager to update the schedule and merge his/her local branch to the main branch.
 - (6) The project will then be shown to the supervisor. If the supervisor accepts most of the changes, the team members will start planning for the next work.

5 Supporting Process Plans

5.1 Test Plan

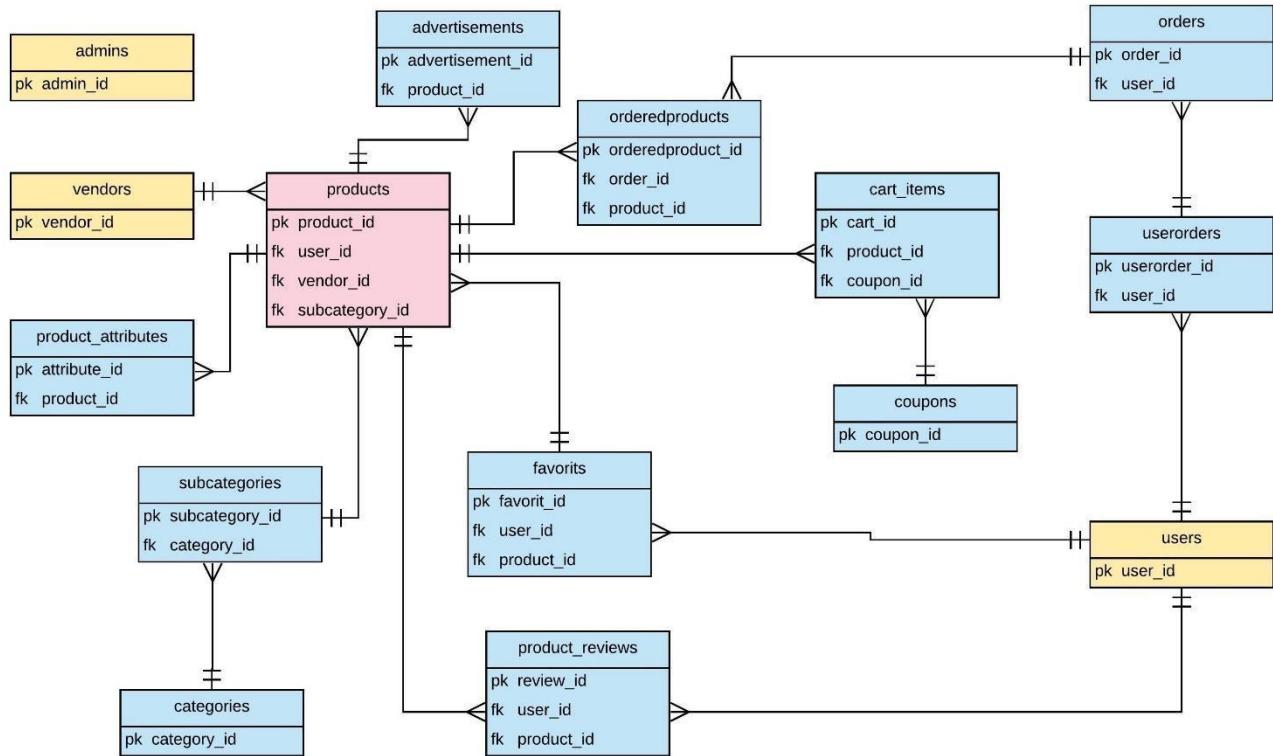

The test plan defines the items that will be tested, methods for testing, and a schedule detailing the tasks, owners, and timeline.

5.2 Product Acceptance Plan

At the conclusion of each iteration, the prototype created will be tested to ensure it meets the requirements of that iteration. No separate environment need not be set up to test functionality because the system will run on a computer browser. The prototype in that iteration will be demonstrated to the supervisor and course teachers. They will give a combined decision whether to accept the prototype or not.

User Guide

Admin Module Guide:

Login:

Dashboard:

The screenshot shows the eMarketPlace Admin Dashboard. On the left is a sidebar with navigation links: Dashboard, Coupon Settings, Vendor Requests, Category Management, Product Attributes, Orders (7), Feedbacks (1), Users Management, Vendors Management, and Interface Control. The main area has a teal header bar with the title "Dashboard". Below it, there are three cards: "TOTAL VERIFIED USERS" (4), "TOTAL VERIFIED VENDORS" (13), and "TOTAL ORDERS DELIVERED" (5). A large chart titled "Monthly Order Info" shows a bell-shaped curve from 3 to 9. In the bottom right corner, there is a message: "Activate Windows Go to Settings to activate Windows." The top right corner shows user information: "admin" with dropdown menus for Edit Profile, Change Pass, and Logout.

Vendor Request Management:

The screenshot shows the "All Requests" page under the "Vendor Requests" section of the eMarketPlace Admin interface. The sidebar on the left remains the same. The main area has a teal header bar with the title "All Requests". Below it is a table with the following data:

Shop Name	Email	Phone	Request Date	Action
ProvaShop	rudalbaadn@yahoo.com	01745847424	8th September, 2019	Approved
SampleShop	sample@gmail.com	01949517422	21st July, 2019	Rejected
CracPlatoon	abhikbhattacherjee12@gmail.com	01949517422	21st July, 2019	Approved
Anik Electronics	bbasakpapan@gmail.com	01819808027	6th July, 2019	Approved
StarTech	abhikbhattacherjee66@gmail.com	01949517422	3rd July, 2019	Approved
megaX BD	abc.123@outlook.com	12233441212	23rd June, 2019	Approved
Kabir & Kabir Backpacks	kabirkabir@emark.ac.bd	12233441122	23rd June, 2019	Approved
Swift Bakeries	swiftbakeriesbd@yahoo.com	22233334477	23rd June, 2019	Approved
Spring Clothes	springclothing@yahoo.com	08809802727	23rd June, 2019	Approved
Robo Electronics	roboelectronics@gmail.com	01227715992	23rd June, 2019	Approved

In the bottom right corner, there is a message: "Activate Windows Go to Settings to activate Windows." The top right corner shows user information: "admin" with dropdown menus for Edit Profile, Change Pass, and Logout.

Category Management:

The screenshot shows the 'Category Management' section of the eMarketPlace Admin interface. On the left is a dark sidebar with various management links. The main area has a teal header 'Category Management'. Below it is a table titled 'Categories List' with columns: SL #, Name, Status, Subcategories, and Action. The status column contains green 'Active' buttons. The action column includes 'View' and 'Edit' buttons. A green '+ Add Category' button is at the top right of the table. A message at the bottom right says 'Activate Windows Go to Settings to activate Windows.'

SL #	Name	Status	Subcategories	Action
1	Stationary	Active	View	Edit
2	Home & Living	Active	View	Edit
3	Health & Beauty	Active	View	Edit
4	Home Appliances	Active	View	Edit
5	Mobile	Active	View	Edit
6	Women's Fashion	Active	View	Edit
7	Men's Fashion	Active	View	Edit
8	Electronics	Active	View	Edit
9	Computer & Laptop	Active	View	Edit

Product Attributes Management:

The screenshot shows the 'Product Attribute Management' section of the eMarketPlace Admin interface. It follows a similar structure to the Category Management screen, with a sidebar and a teal header. The main area displays a table titled 'All Product Attributes' with columns: SL, Name, Status, All Attribute Values, and Action. The status column shows green 'Active' buttons. The action column features yellow 'Edit' buttons. A green '+ Add Product Attribute' button is located at the top right of the table. A message at the bottom right indicates 'Activate Windows Go to Settings to activate Windows.'

SL	Name	Status	All Attribute Values	Action
1	Womens' Dress Size	Active	View	Edit
2	Shoe Size	Active	View	Edit
3	Waist Size	Active	View	Edit
4	Shirt Size	Active	View	Edit

Order Management:

The screenshot shows the eMarketPlace Admin interface with the title "eMarketPlace - Admin". The left sidebar has a dark theme with white icons and text. It includes sections for Dashboard, Coupon Settings, Vendor Requests, Category Management (with Product Attributes), Orders (7 pending), Feedbacks (1), Users Management, Vendors Management, and Interface Control. The main content area is titled "All Orders" and shows a table of 13 orders. The columns include Order id, Order Date, Name, Phone, Email, Total, Shipping Status, Payment Method, and Action. Most orders have a status of "Pending". The last order, 100013, is marked as "Accepted". A search bar at the top right says "Search by order number". At the bottom right of the main area, there is a message: "Activate Windows Go to Settings to activate Windows.".

Vendor Management:

The screenshot shows the 'eMarketPlace - Admin' interface. The left sidebar has a dark theme with white icons and text. It includes sections for Dashboard, Coupon Settings, Vendor Requests, Category Management, Product Attributes, Orders (7), Feedbacks (1), Users Management, Vendors Management (selected), All Vendors, Banned Vendors, and Interface Control. The main content area is titled 'All Vendors Management' and shows a table titled 'Vendors List'. The table columns are Email, Shop Name, Mobile, Balance, and Details. Each row contains a 'View' button. The table lists 14 vendor entries with various shop names like 'Ito99', 'All-in-One Megashop', 'Anik Electronics', etc., and mobile numbers ranging from 01774954765 to 15566112222.

Coupon Management:

The screenshot shows the 'eMarketPlace - Admin' interface. The left sidebar is identical to the previous screenshot. The main content area is titled 'Coupon Lists' and shows a table titled 'Coupon Lists'. The table columns are Code, Type, Amount, Minimum Amount, Valid Till, and Action. Each row contains 'Edit' and 'Delete' buttons. The table lists three coupon codes: NEW123 (fixed, 700.00, 12000.00, 09/30/2019), EMARKET123 (fixed, 500.00, 5000.00, 10/31/2019), and BOISHAIKH123 (fixed, 200.00, 5000.00, 09/30/2019).

Code	Type	Amount	Minimum Amount	Valid Till	Action
NEW123	fixed	700.00	12000.00	09/30/2019	<button>Edit</button> <button>Delete</button>
EMARKET123	fixed	500.00	5000.00	10/31/2019	<button>Edit</button> <button>Delete</button>
BOISHAIKH123	fixed	200.00	5000.00	09/30/2019	<button>Edit</button> <button>Delete</button>

Vendor Module Guide:

Login & Register:

The screenshot shows the Vendor Login page of the eMarketPlace website. At the top, there is a purple header bar with the 'eMarketPlace' logo, a search bar, and navigation links for 'Home', 'Browse Items', 'Best Sellers', and 'Login'. Below the header, a dark background features the text 'Vendor Login' in white. A purple sidebar on the right contains the text 'As User' and 'As Vendor'. The main content area is divided into two sections: 'Log in to eMarketPlace' on the left and 'Account Login' on the right. The 'Log in to eMarketPlace' section includes a sub-section for vendors with options to 'Login as a vendor', 'Start posting your products', and 'View and manage your products/orders'. It also has a link to 'Click here to create one' if you don't have an account yet. The 'Account Login' section contains input fields for email and password, a 'LOGIN' button, and a 'Forgot password?' link. A small note at the bottom right of the page says 'Activate Windows Go to Settings to activate Windows.'

The screenshot shows the Vendor Register page of the eMarketPlace website. The interface is similar to the login page, with a purple header bar and a dark background. The main content area is divided into 'Signup to eMarketPlace' on the left and 'Signup Today' on the right. The 'Signup to eMarketPlace' section includes a sub-section for vendors with options to 'Signup as a vendor', 'Start posting your products', and 'View and manage your products/orders'. It also has a link to 'Click here to login' if you already have an account. The 'Signup Today' section contains input fields for email, first name ('StarTech'), phone number ('0199037870'), and password, along with a 'SIGNUP' button. A small note at the bottom right of the page says 'Activate Windows Go to Settings to activate Windows.'

This screenshot is identical to the previous one, showing the Vendor Register page of the eMarketPlace website. It features a purple header bar and a dark background. The main content area is divided into 'Signup to eMarketPlace' on the left and 'Signup Today' on the right. The 'Signup to eMarketPlace' section includes a sub-section for vendors with options to 'Signup as a vendor', 'Start posting your products', and 'View and manage your products/orders'. It also has a link to 'Click here to login' if you already have an account. The 'Signup Today' section contains input fields for email, first name ('StarTech'), phone number ('0199037870'), and password, along with a 'SIGNUP' button. A small note at the bottom right of the page says 'Activate Windows Go to Settings to activate Windows.'

Dashboard:

The screenshot shows a browser window titled "eMarketPlace | Vendor Dashboard". The URL in the address bar is "soft/vendor/dashboard". The page has a dark header with navigation links: Dashboard, Orders, Products, Reviews, Contact Us, and StarTech. A user profile dropdown menu is open, showing "Update Profile", "Change Password", and "Logout". The main content area features a "Vendor Dashboard" title and three summary boxes: "Total Orders" (7), "Product Inventory" (6), and "Products Sold" (7). Below this is a "LATEST ORDERS" section with a table:

Order id	Order Date	Total	Shipping Status	Order Status	Payment Method	Action
100021	4th September, 2019	₹ 45735.00	Shipped	Accepted	Cash on delivery	
100020	1st September, 2019	₹ 81225.00	Pending	Accepted	Cash on delivery	
100019	1st September, 2019	₹ 11190.00	Pending	Pending	Cash on delivery	
100018	1st September, 2019	₹ 127845.00	Pending	Pending	Cash on delivery	
100013	28th August, 2019	₹ 44370.00	Shipped	Accepted	Cash on delivery	
100011	28th August, 2019	₹ 45735.00	Shipped	Accepted	Cash on delivery	
100008	24th July, 2019	₹ 369400.00	Shipped	Accepted	Cash on delivery	

At the bottom left, there is a link "soft/vendor/dashboard#". On the right side, there is a message: "Activate Windows Go to Settings to activate Windows."

The screenshot shows a second instance of the "Vendor Dashboard" with a similar layout. It includes a sidebar with "Update Profile", "Change Password", and "Logout" options. The main area features "Total Orders" (7), "Product Inventory" (6), and "Products Sold" (7) summary boxes. The "LATEST ORDERS" section contains the same table of recent orders as the first dashboard.

Below the latest orders, there are two new sections: "TOP SELLING PRODUCTS" and "TOP RATED PRODUCTS".

TOP SELLING PRODUCTS

Title	Sales	Price
Asus Rog G551VW	3	₹ 120000.00
Dell Inspiron i3	2	₹ 43500.00 ₹ 45000.00
Asus Zenbook B345	1	₹ 40000.00
Asus Zenbook A534Ni	0	₹ 78000.00 ₹ 80000.00
Xiaomi A2	1	₹ 10800.00 ₹ 12000.00

TOP RATED PRODUCTS

Title	Rating	Price
Dell Inspiron i3	4.3	₹ 43500.00 ₹ 45000.00
Asus Zenbook B345	4.3	₹ 40000.00
Asus Rog G551VW	3.6	₹ 120000.00

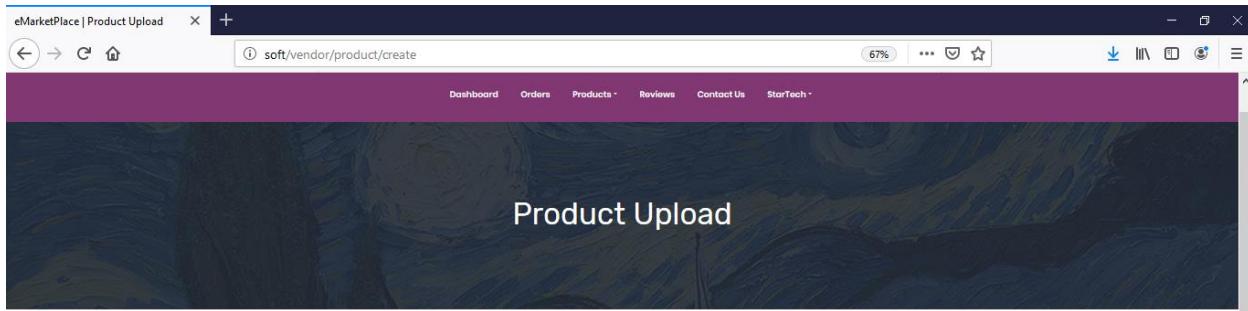

On the right side, there is a message: "Activate Windows Go to Settings to activate Windows."

Profile:

The screenshot shows the 'Settings' page of the eMarketPlace platform. At the top, there's a purple header bar with the 'StarTech' logo. Below it, the main content area has a white background. It includes fields for 'Choose Logo' (with a placeholder 'StarTech'), 'Enter Shop Name **' (containing 'StarTech'), 'Address **' (containing '12, Elephant Road'), 'Email **' (containing 'abhiikbattacharjee66@gmail.com'), and 'Phone **' (containing '01949517422'). A large blue 'UPDATE PROFILE' button is centered at the bottom. On the right side, there's a sidebar with the text 'Activate Windows' and 'Go to Settings to activate Windows.'

Product Management & Update:

The screenshot shows the 'Manage Products' page of the eMarketPlace platform. At the top, there's a purple header bar with the 'StarTech' logo. Below it, the main content area has a white background. It features a table titled 'YOUR PRODUCTS' with columns: PRODUCT, PRICE, QUANTITY LEFT, TOTAL EARNINGS, and SALES. The table lists five products: 'Xiaomi A2' (Price: ₹32000.00, Quantity Left: 22, Total Earnings: ₹0, Sales: 1), 'Asus Rog G511VW' (Price: ₹120000.00, Quantity Left: 11, Total Earnings: ₹0, Sales: 3), 'Asus Zenbook B345' (Price: ₹40000.00, Quantity Left: 47, Total Earnings: ₹0, Sales: 1), 'Dell Inspiron i3' (Price: ₹45000.00, Quantity Left: 11, Total Earnings: ₹0, Sales: 2), and 'Asus Rog GL552VW' (Price: ₹60000.00, Quantity Left: 30, Total Earnings: ₹0, Sales: 0). An 'Add New Product' button is located at the top right of the table. On the right side, there's a sidebar with the text 'Activate Windows' and 'Go to Settings to activate Windows.'

Login and Register:

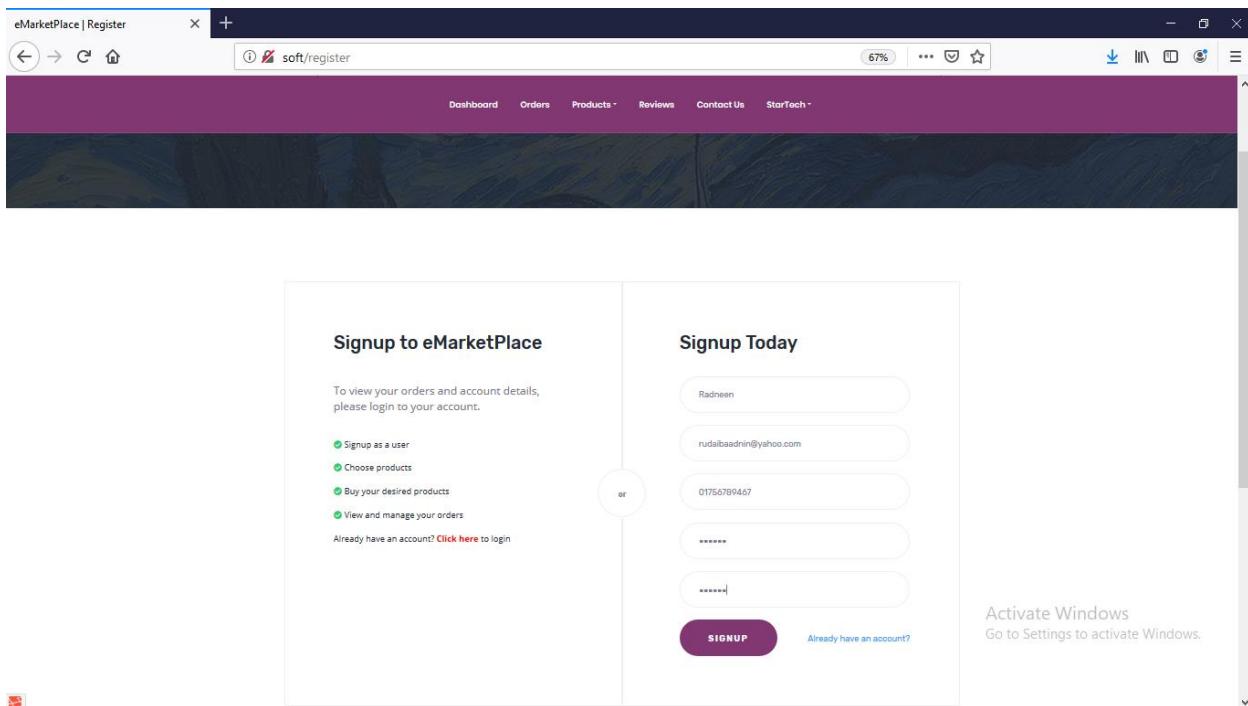

The screenshot shows the eMarketPlace homepage. At the top, there's a purple header bar with the "eMarketPlace" logo, a search bar, and navigation links for "Home", "Browse Items", "Best Sellers", and "Login". A shopping cart icon is also present. A dropdown menu for "Login" is open, showing options "As User" and "As Vendor". The main content area features a large smartphone image with a blue and pink gradient screen. Above the phone, text reads "SEPTEMBER - 2019" and "New Product Arrivals". Below the phone, a button says "VIEW COLLECTIONS". To the right, there's a section titled "Activate Windows" with a link to Settings. The footer has a purple bar with links for "TOP SALES", "TOP RATED", and "SPECIAL".

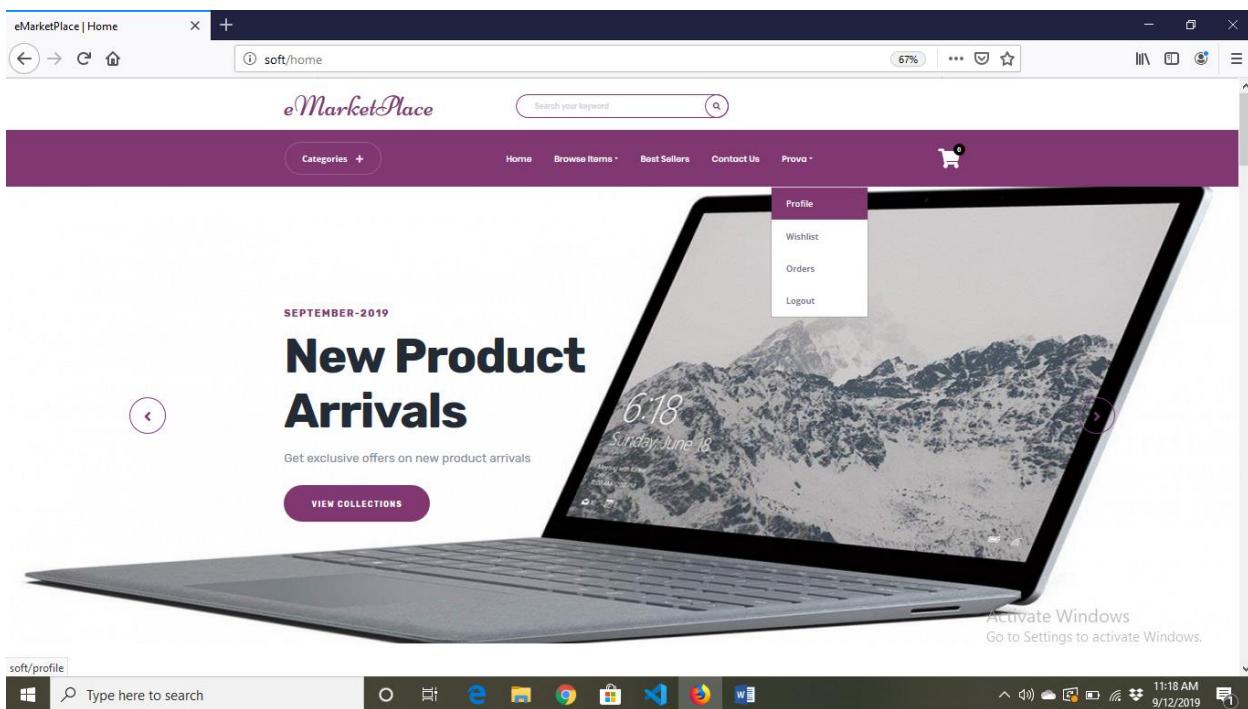

The screenshot shows the "User Login" page. The browser title bar says "eMarketPlace | User Login". The page has a dark background with a wavy pattern. The main heading is "User Login". On the left, there's a "Log in to eMarketPlace" section with a list of options: "Login as a user", "Choose products", "Buy your desired products", and "View and manage your orders". It also says "Don't have an account yet? Click here to create one". On the right, there's an "Account Login" section with fields for "Email" and "Password", a "LOGIN" button, and a "Forgot password?" link. A small "or" button is between the two sections. The footer has a "Activate Windows" section.

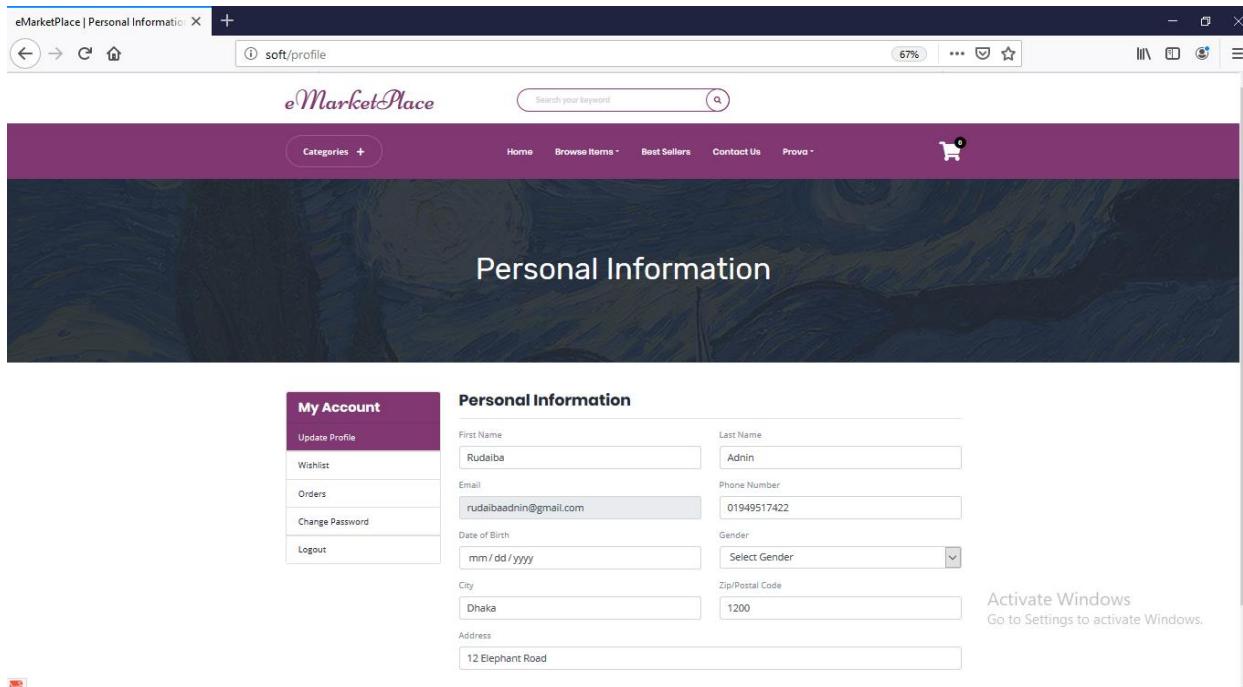

The screenshot shows the "Log in to eMarketPlace" page. The browser title bar says "soft/login". The page has a white background with a central form. The left side of the form contains the "Log in to eMarketPlace" heading and a list of options: "Login as a user", "Choose products", "Buy your desired products", and "View and manage your orders". It also says "Don't have an account yet? Click here to create one". The right side of the form contains the "Account Login" heading, fields for "Email" and "Password", a "LOGIN" button, and a "Forgot password?" link. A small "or" button is between the two sections. The footer has a "Activate Windows" section.

Home:

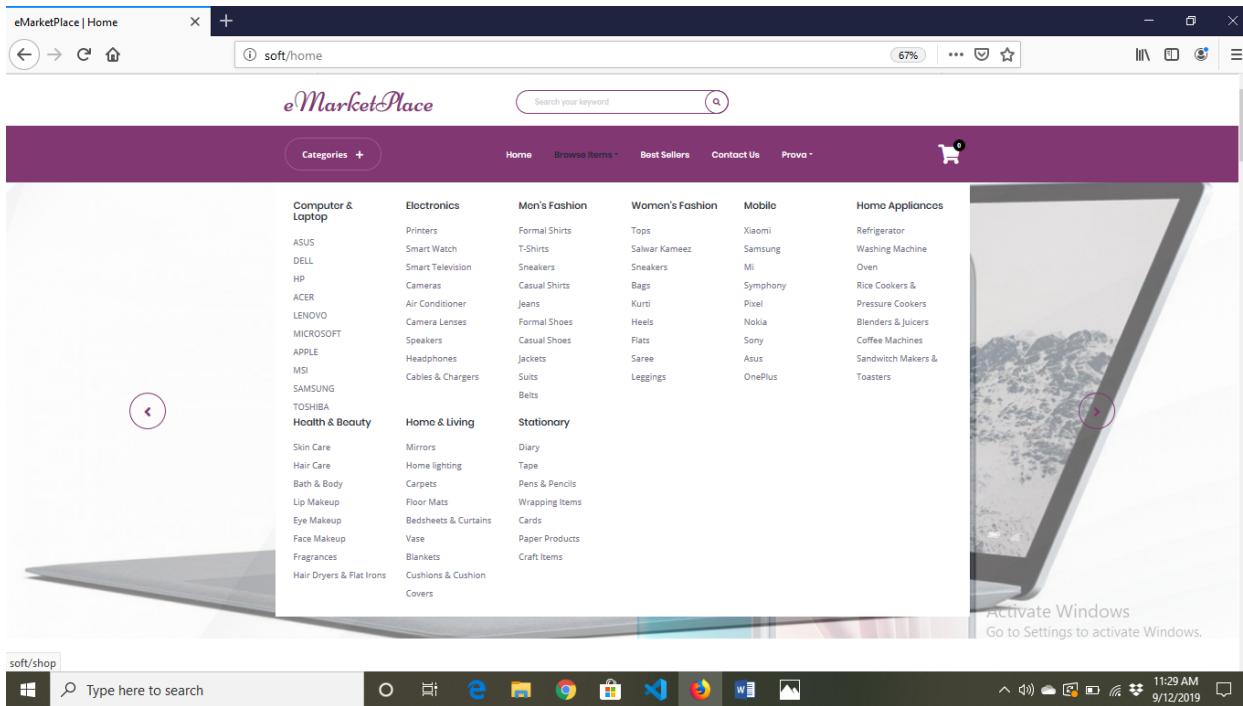

Profile:

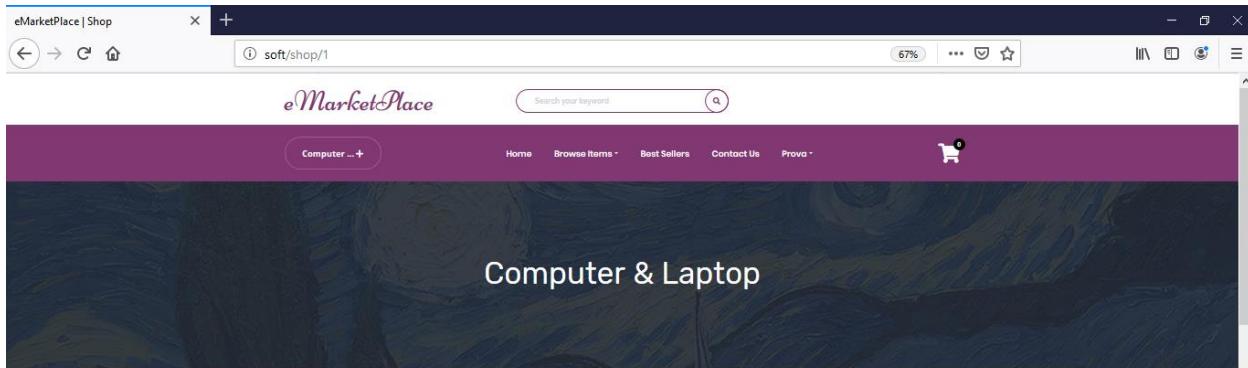

The screenshot shows the 'Personal Information' section of the eMarketPlace website. On the left, there's a sidebar titled 'My Account' with links for 'Update Profile', 'Wishlist', 'Orders', 'Change Password', and 'Logout'. The main area is titled 'Personal Information' and contains fields for First Name (Rudaiya), Last Name (Adin), Email (rudaiyaadnin@gmail.com), Phone Number (01949517422), Date of Birth (mm/dd/yyyy), Gender (Select Gender dropdown), City (Dhaka), Zip/Postal Code (1200), and Address (12 Elephant Road). A promotional message for 'Activate Windows' is visible on the right.

Browse Items:

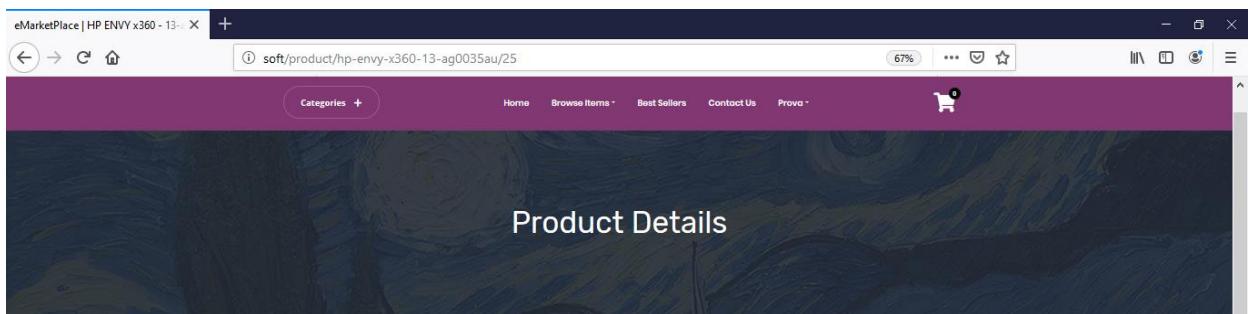

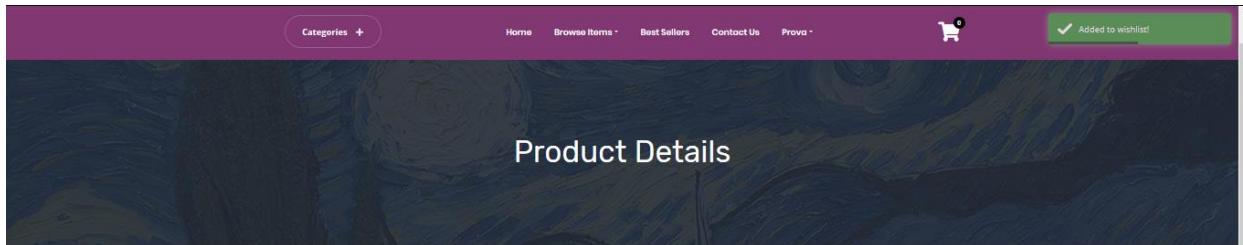

The screenshot shows the 'Home' page of the eMarketPlace website. It features a sidebar with categories like Computer & Laptop, Electronics, Men's Fashion, Women's Fashion, Mobile, Home Appliances, Health & Beauty, Home & Living, and Stationery. Below these are sub-categories such as ASUS, DELL, HP, ACER, LENOVO, MICROSOFT, APPLE, MSI, SAMSUNG, TOSHIBA, Skin Care, Hair Care, Bath & Body, Lip Makeup, Eye Makeup, Face Makeup, Fragrances, and Hair Dryers & Flat Irons. The main content area displays a large image of a laptop. A search bar at the bottom left says 'Type here to search'.

This screenshot shows the "Computer & Laptop" category page. On the left, there's a sidebar with "Categories" and a list of brands: ASUS, DELL, HP, ACER, LENOVO, MICROSOFT, APPLE, and MSI. The main content area displays three laptop products: Acer Swift SF314-52 8th Gen., HP ENVY x360 - 13-ag0035au, and Asus Rog G51VW. Each product has a thumbnail, the brand name, and the model number. A "SORT BY" dropdown menu is visible above the products.

VIEW CART CHECKOUT

The screenshot shows a dark-themed e-commerce website. At the top, there's a purple header bar with navigation links: 'Categories +', 'Home', 'Browse Items -', 'Best Sellers', 'Contact Us', 'Prova -', and a shopping cart icon with a notification badge. The main title 'Cart Management' is centered above a table. The table has columns: 'Product', 'Price', 'Quantity', and 'Total'. A single item is listed: 'HP ENVY x360 - 13-ag0035au' with a price of ₹99000, quantity 1, and total ₹99000. Below the table are three buttons: 'GO TO SHOPPING' (purple), 'UPDATE CART' (white), and 'PROCEED TO CHECKOUT' (blue). To the right, there's a section for payment method ('Cash on delivery') and cart totals ('Subtotal ₹99000', 'Shipping Charge ₹60', 'Total ₹104010'). A note says 'Activate Windows Go to Settings to activate Windows.'

Checkout:

The screenshot shows a browser window with the URL 'soft/checkout'. The page layout is similar to the previous one, with a purple header and a dark background. On the left, there's a 'Shipping Details' form with fields for First name, Last Name, Phone, Email, Street address, City, Zip Code, and Order notes. On the right, there's a 'Your Order' summary table with columns: 'Product Title', 'Total', 'Subtotal', 'Shipping Charge', 'Tax', and 'Total'. The order summary includes 'HP ENVY x360 - 13-ag0035au' (₹99000), 'Subtotal' (₹99000), 'Shipping Charge' (₹60), 'Tax' (5%), and 'Total' (₹104010). Below the table are 'Coupon Code' and 'APPLY COUPON' buttons. A note says 'Activate Windows Go to Settings to activate Windows.'

Orders:

The screenshot shows the 'Orders' section of the eMarketPlace website. On the left, a sidebar titled 'My Account' includes links for 'Update Profile', 'Wishlist', 'Orders' (which is selected and highlighted in purple), 'Change Password', and 'Logout'. The main content area displays a table of orders with columns: Order id, Order Date, Total, Payment Method, Order Status, and Shipping Status. Two orders are listed:

Order id	Order Date	Total	Payment Method	Order Status	Shipping Status
100022	12th September, 2019	₹ 104010.00	Cash on delivery	Pending	Pending
100021	4th September, 2019	₹ 45735.00	Cash on delivery	Accepted	Shipped

On the right side of the page, there is an 'Activate Windows' message with a link to 'Go to Settings to activate Windows.'

The screenshot shows the 'Order details' page for Order ID #100022. The page is divided into several sections:

- Order ID # 100022**: Shows the order status as 'Pending' and the order date as '12th September, 2019'.
- Shipping/Payment Details**: Shows the shipping status as 'Pending' and the payment method as 'Cash on Delivery'.
- Shipping Details**: Displays the shipping address for Rudalba Admin, including email (rudalbaadmin@gmail.com), phone (01949517422), and address (12 Elephant Road).
- Order Summary**: A table showing the breakdown of the total order amount:

PRODUCT	PRODUCT CODE	PRICE	QUANTITY	TOTAL
HP ENVY x360 - 13-ag0035a...	9m5z2a7d	₹ 99000	1	₹ 99000

 The summary also includes:
 - CART AMOUNT: ₹ 99000
 - COUPON (Discount): - ₹ 0.00
 - SUBTOTAL: ₹ 99000.00
 - TAX: ₹ 400
 - SHIPPING COST: ₹ 60
 - TOTAL: ₹ 104010.00**

On the right side of the page, there is an 'Activate Windows' message with a link to 'Go to Settings to activate Windows.'

Write Review:

The screenshot shows the 'Orders' section of the eMarketPlace website. On the left, a sidebar titled 'My Account' includes links for 'Update Profile', 'Wishlist', 'Orders' (which is selected and highlighted in purple), 'Change Password', and 'Logout'. Give Feedback:

The screenshot shows a web browser window with two tabs: "eMarketPlace | Orders" and "eMarketPlace | Ordered Products". The main content area displays "Order information" for Order ID #100022. A modal dialog box titled "HP ENVY x360 - 13-ag0035au" is open, prompting for feedback. The "Feedback Type:" dropdown is set to "Complaint" and the "Feedback:" text area contains the text "Late delivery". In the background, there's a "Shipping Details" section with contact info for Rudalba Admin, and an "Order Summary" table showing a total of ₹ 104010.00.

The screenshot shows the same web browser window after the feedback has been submitted. A green success message at the top right says "Thank you for your feedback." The main content area now displays "Order #100022" and includes a green banner at the bottom left stating "Order Complete! Consider leaving a public review on the product page(s) and feedback(s) on the order."

This screenshot shows the order details for Order #100022. The "Order Information" section is visible, showing the order status as "Accepted" and the shipping method as "Cash on Delivery". A "Shipping Details" section is also present. On the right side of the page, there is a "Activate Windows" message with a link to "Go to Settings to activate Windows".
